

MARKING SHEET FOR STUDENT'S WORK

Student Name:	Richard Bahari
Course:	Diploma in Construction Management (Level 4)
Student Number:	1272
Assignment:	06

UNDERSTANDING YOUR RESULT

The course is made up of units, which contain assignments. To complete each unit your work is assessed by your tutor along the way. This ongoing assessment allows you to analyse and improve your performance throughout your course. There are set learning objectives for each unit. All Learning objectives **MUST** be passed in order to progress. If the student has achieved less than 40% marks in the assignment it means that the learning objectives have not met and the student will be required to resubmit the work.

UNIT RESULTS ARE GRADED AS:

Pass (P)

Merit (M)

Distinction (D)

Re Submit (R)

Re submit	Pass	Merit	Distinction
0-39%	40-59%	60-69%	70+ %

If the work you produce doesn't meet the grading criteria for a Pass grade, you will be awarded R, which means 'Re submit'.

QUESTION COMMENTS

Question	Comments
Question 1	Good answers. You have used appropriate examples in the support of your answers.
Question 2	You have clearly outlined the factors that affect costs of owning and operating construction equipment. But you could have expanded a bit more on factors like the severity of job conditions and the demand for used equipment when it is disposed off.
Question 3	Appropriately considered.
