UNDERSTANDING YOUR RESULT

The course is made up of units, which contain assignments. To complete each unit your work is assessed by your tutor along the way. This ongoing assessment allows you to analyse and improve your performance throughout your course. There are set learning objectives for each unit. All Learning objectives **MUST** be passed in order to progress. If the student has achieved less than 40% marks in the assignment it means that the learning objectives have not met and the student will be required to resubmit the work.

UNIT RESULTS ARE GRADED AS:

Merit (M)

Distinction (D)

Re Submit ®

Re submit	Pass	Merit	Distinction
0-39%	40-59%	60-69%	70+ %

If the work you produce doesn't meet the grading criteria for a Pass grade, you will be awarded R, which means 'Re submit'.

Question 2	Theoretical clarity but your explanation is not enough where you have described the factors that affect cost of owning and operating construction equipment.
Question 3	Satisfactory answer. You did not give further details about the conditions under which the equipment should be taken on rent under a lease agreement.
