

MARKING SHEET FOR STUDENT'S WORK

Student Name:	Nigel Shoemark
Course:	Diploma in Construction Management (Level 4)
Student Number:	1351
Assignment:	01

UNDERSTANDING YOUR RESULT

The course is made up of units, which contain assignments. To complete each unit your work is assessed by your tutor along the way. This ongoing assessment allows you to analyse and improve your performance throughout your course. There are set learning objectives for each unit. All Learning objectives **MUST** be passed in order to progress. If the student has achieved less than 40% marks in the assignment it means that the learning objectives have not met and the student will be required to resubmit the work.

UNIT RESULTS ARE GRADED AS:

Pass (P)

Merit (M)

Distinction (D)

Re Submit (R)

Re submit	Pass	Merit	Distinction
0-39%	40-59%	60-69%	70+ %

If the work you produce doesn't meet the grading criteria for a Pass grade, you will be awarded R, which means 'Re submit'.

QUESTION COMMENTS

Question	Comments
Question 1	All the questions are systematically answered, the concepts are very clear. Your work shows that you have researched extensively into the topics. You have also made good use of examples throughout to support your work.
Question 2	Your explanation regarding 'one off' characteristics of construction industry is very short. I would like to invite you to consider how different geographical conditions and various technology levels contribute to making each construction project different from the other.
Question 3	You identified and described the characteristic features of construction industry well but you were little short on explaining the factors that contribute to this unique nature of construction projects

OVERALL GRADING:

Date Graded:	08.12.2014
Overall Result:	MERIT
Comments:	Very Good start to your course 'Nigel'. Well Done. (Note: Please write questions as well)
