

Where is your place of business? If you implement a social media strategy, does that mean you will move to a greater online presence?

From office location.

If you implement a social media strategy, does that mean you will move to a greater online presence?

I am introducing social media strategy to my company. I will use social media to help to find more customers, get more feedback, and spread my knowledge and learning from customers and employees. Social media education will help my business.

What kind of promotions do you offer?

Saudi massage therapy offer 10%.

Loyalty card

No on appointment book to come.

Advertise on the website and in the social media.
